Sewing Supplies Checklist

- sewing Machine
- measuring tape
- scissors
- pins or clips
- coordinating thread
- fabric marker
- seam ripper
- safety pin or bodkin

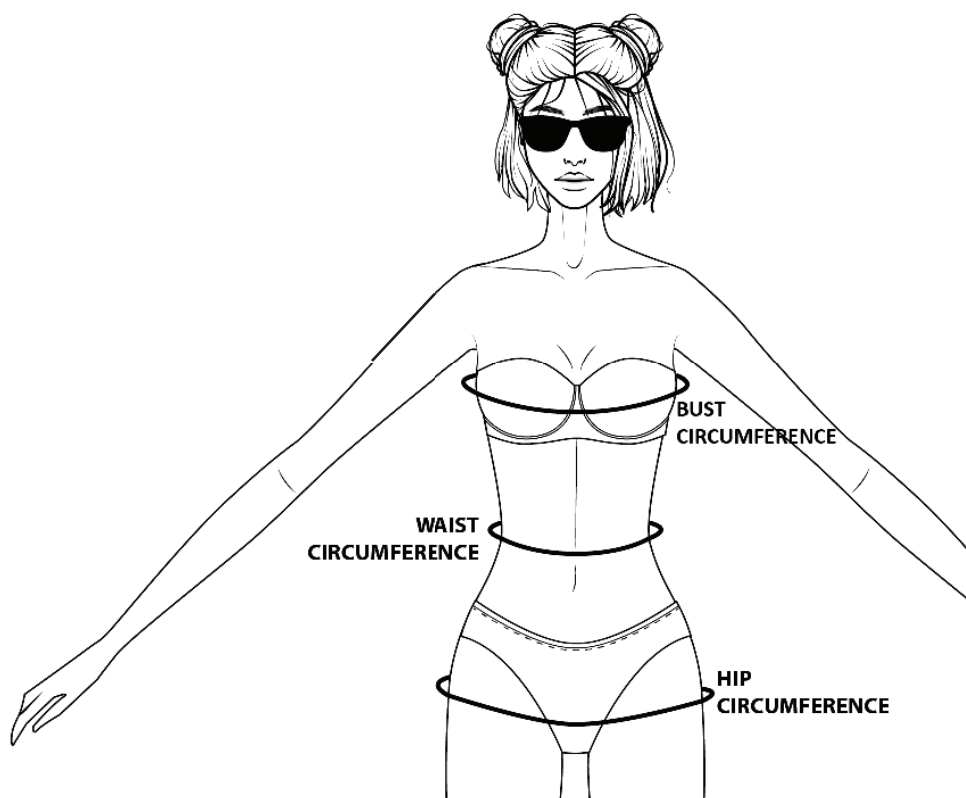

Notions:

- Elastic, 5cm(2") width 84cm (1 yard) length.

Optional:

A serger or coverstitch machine is not required but always fun to use if available.

In order to pick the right size, you need to compare your measurements with the measurements from the size guide.

For top garments (dress, blazer, coats, tops..) base your size decision according to the bust circumference.

For bottom garments (skirts, pants, shorts...) base your size decision to the hip circumference.

If your measurement fall between two sizes, you should pick the size which your measurement comes closest to.
For example if your bust size is 79cm or 31" choose XXS.
If you fall exactly into the middle (+/-2) go to higher size for close fitting garments and to the smaller size for loose fitting garments.

IMPORTANT! In case you fall into one size according to your B measurement (for example 36) and a different size according to your W and H measurements (for example 40), then you'll have to adjust the pattern at the waist and hip lines.

Choosing Your Size

ATTENTION!

Our brand uses **different size charts** for different patterns.

Make sure to **check your size** for each project. Also do not rely on the ready to wear garment size you buy in shops.

How to measure your size:

The best thing you can do is, to get a friend or a family member to help you.

The measurements should be taken in the same Underwear / undergarments in which you will wear the garment.

Size Chart

The following measurements we need: **Waist and Hip.**

The measurements of the Waist and the Hip should be taken in the most protruding part of the body. The measurement tape should be taut but it shouldn't deform your body. If you can still put a finger between the measurements tape you are good.

This pattern is drafted for an women who is 170cm (5'5" tall)

Printing Instructions

Let us print out the pattern.
There are 3 options on how to print the pattern:

A4 and US Letter size - these are tiled versions which you can print out at home on your desktop computer.

AO size - You can go to a copy shop and print it on a big scale. The nice thing is it is one sheet of paper and saves you the time of sticking pages together.

PRINTING CHECKLIST !

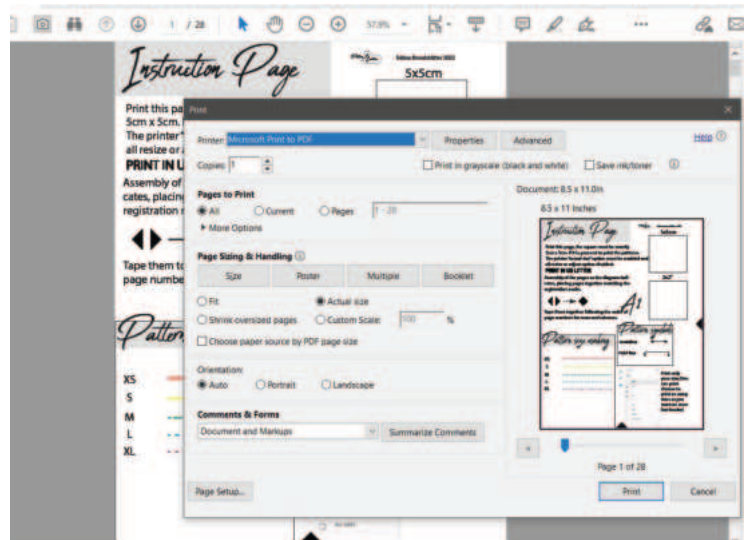

- Select your layers
- Enter print pages
- Orientation set to auto
- Set scale to 100%
- Print the Test Page
- Check your scale

Two test squares are provided to help ensure your pattern prints in the right size.

Depending on the test square you measured, it should be either 5cm x 5cm or 2" x 2".

If it has the wrong measurement, check your printer settings and try again.

NOTE : The pattern will not sew in the correct size if the Test Square does not measure correctly.

IMPORTANT:

Do not open or print the pattern in Microsoft Word.

In order to print this pattern you need the Adobe Acrobat Reader software. This software is available for free download on the internet.

Fabric Cutting Instructions

Pattern Piece Name	Pieces to Cut
Front	Cut 2 - mirrored
Front skirt	Cut 2 - mirrored
Back	Cut 2 - mirrored
Back skirt	Cut 2 - mirrored
Waist	Cut 1 - on fold

HOW TO CUT MIRRORED PIECES

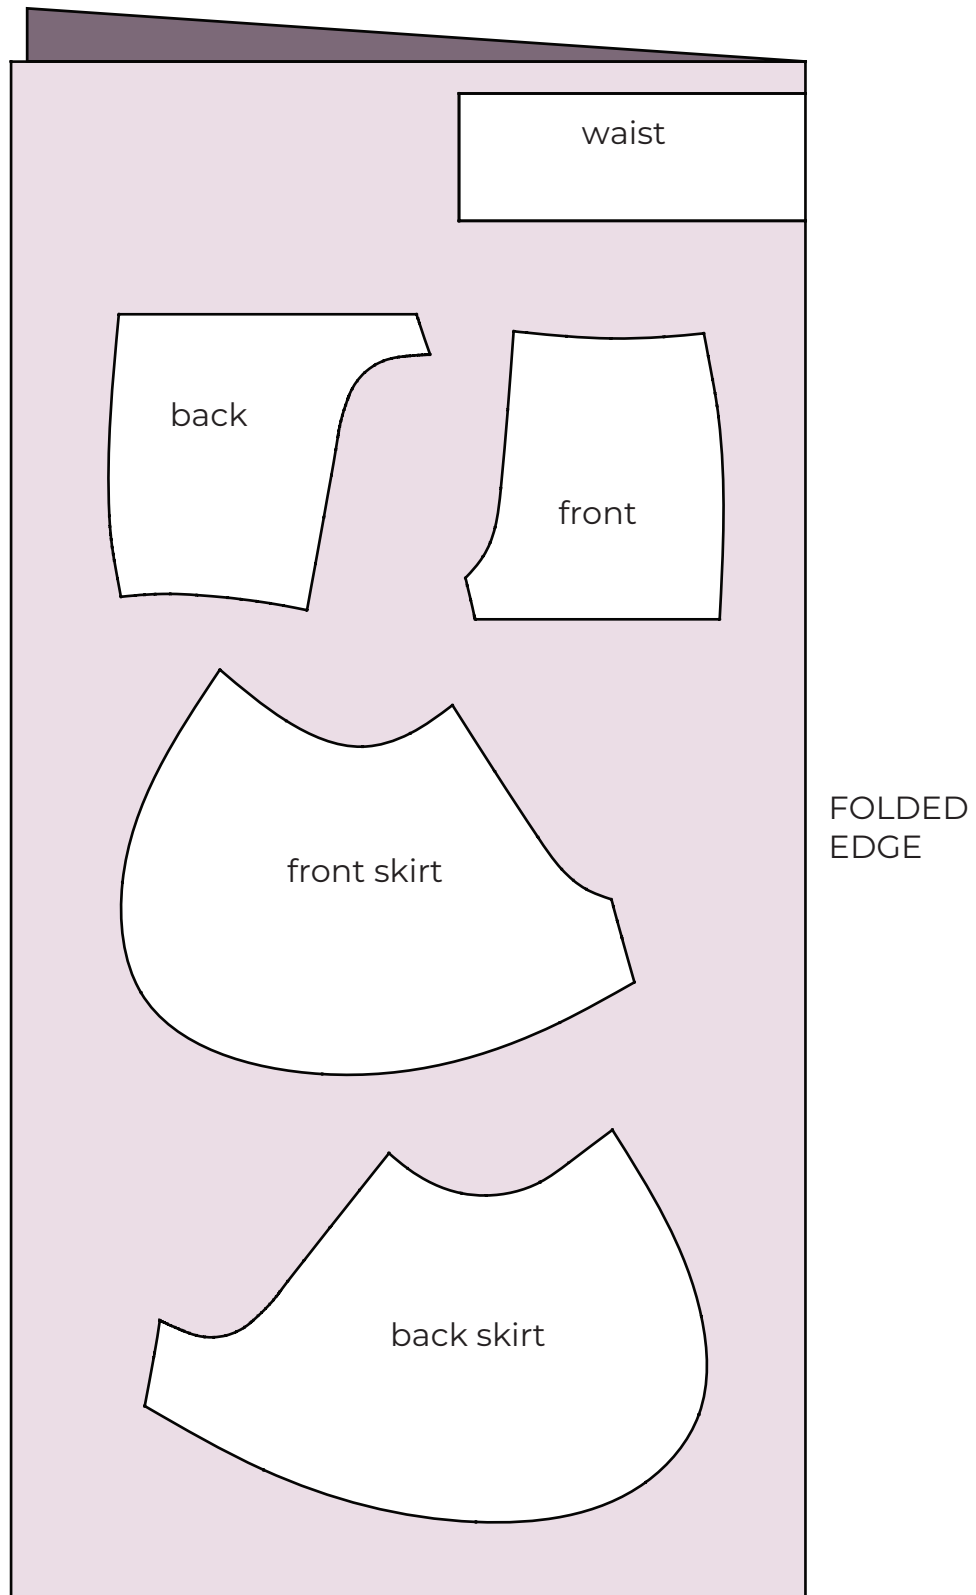

Mirrored pieces are pieces of the same shape , but cut in opposite directions, so as to be symmetrical mirror images of each other.

The fastest way to cut mirror images is to fold your fabric RIGHT sides together and cut the piece out, cutting through both layers of fabric at the same time.

Fabric Layout

Sample cutting chart shown below.

Depending on what options you choose, it may be laid out differently.

Tips and Tricks when sewing with stretch fabrics

Choose the Right Needle:

Use a ballpoint or stretch needle specifically designed for knit fabrics. These needles have a rounded tip that helps prevent snags and runs in the fabric.

Use the Right Stitch:

Use a stretch stitch like a narrow zigzag stitch, a lightning bolt stitch, or a triple stretch stitch on your sewing machine. These stitches allow the fabric to stretch without breaking the threads. Set your stitch length to the smallest zigzag setting (usually a 0.5) and your stitch length to a 3. Do not stretch the fabric as you sew.

If your machine only has a straight stitch, set your stitch length to a medium (usually a 3) setting. You will need to stretch the fabric SLIGHTLY and gently as it goes under the machine foot.

Use a Walking Foot:

If you have one, a walking foot can help feed both layers of fabric evenly through the machine, reducing the chances of puckering or stretching.

Finish Raw Edges:

Since most knits do not ravel, finishing exposed seams is optional. However you can use a serger if you have one to finish raw edges or a zigzag stitch on your machine.

Fabric Choice:

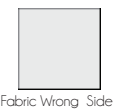

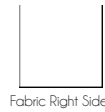

Not all stretch fabrics are the same. Some are more stable, while others are very stretchy. Choose a fabric that matches the project's requirements ..

Press Carefully:

Use a low heat setting and a pressing cloth when ironing stretch fabrics. Avoid pressing too hard, as excessive heat and pressure can damage the fabric's elasticity.

Sewing Instructions

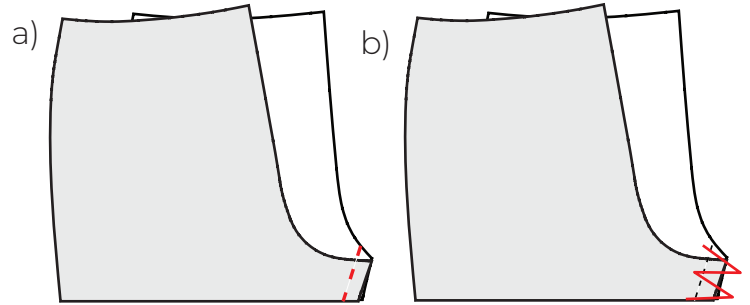

Note :
Seam allowance is 3/8" (1cm) unless otherwise stated

We suggest reading the entire instruction before you begin.

Step 1 : SEWING THE SHORTS

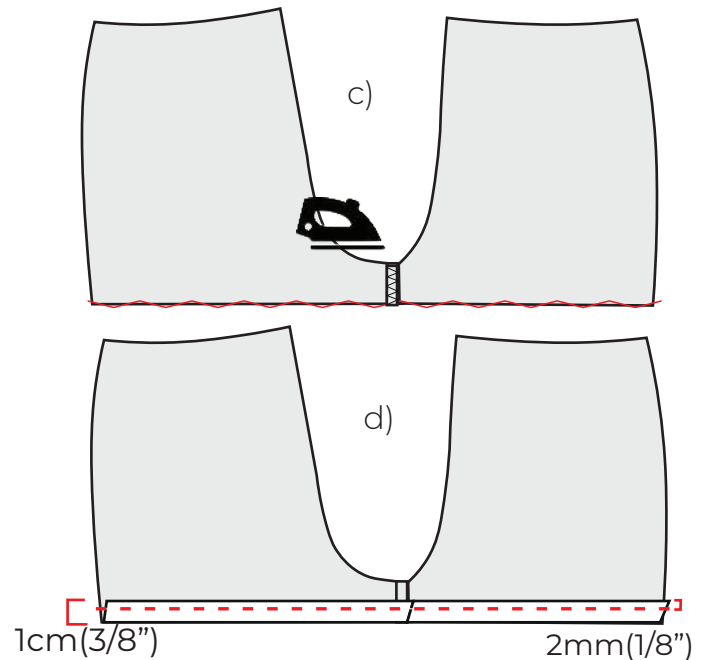

a) With right sides together, pin and sew the Front and Back by the inner leg seam.

b) Finish the crotch seam with serger or zigzag stitch.

c) Finish the raw edge with a zigzag stitch or serger (optional). Press.

d) With wrong sides together, fold the bottom edge 1cm (3/8") and top stitch 2mm (1/8") away from the edge.

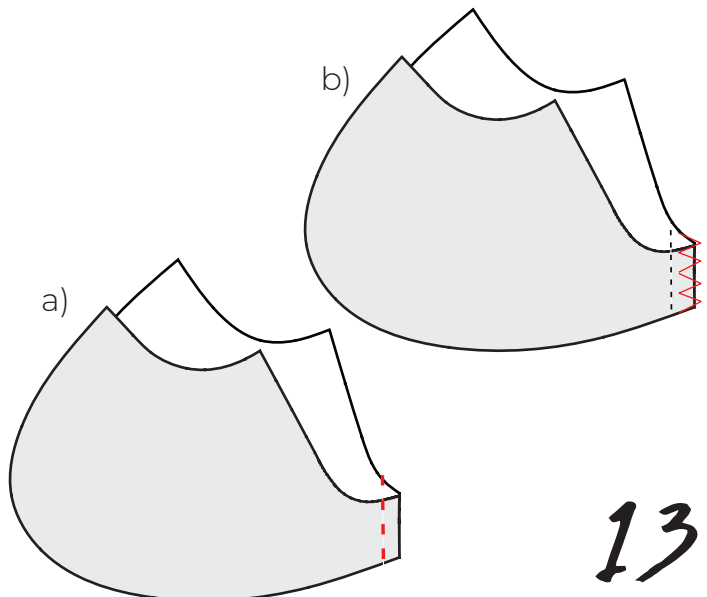

Repeat the same for the other Front/Back piece.

This is now called the Shorts.

Step 2 : SEWING THE SKIRT

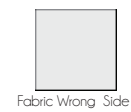

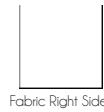

a) With right sides together, pin and sew a Front skirt and a Back skirt by the inner leg seam.

b) Finish the crotch seam with a serger or zigzag stitch.

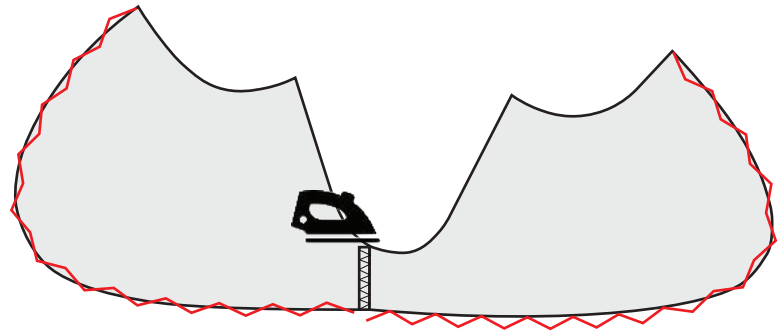

Sewing Instructions

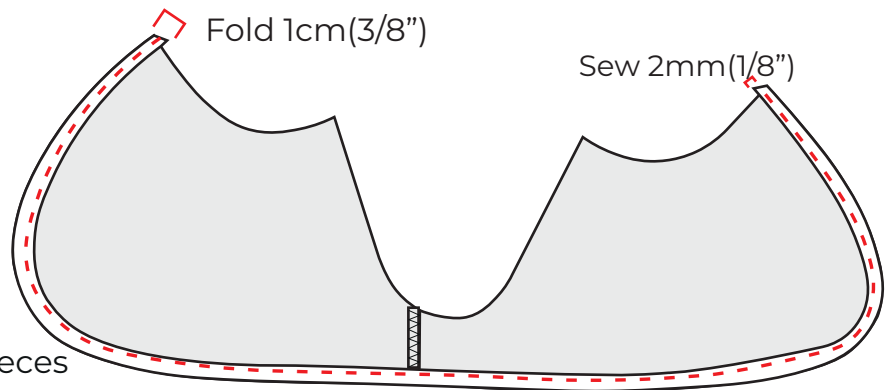

Note :
Seam allowance is 3/8" (1cm) unless otherwise stated

Finish the raw edge with a zigzag stitch or serger (optional). Press.

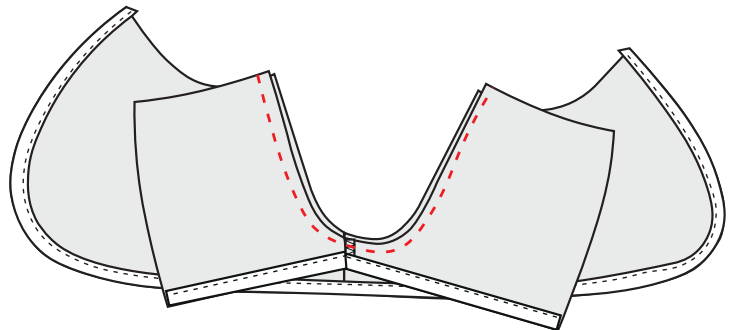

With wrong sides together, fold the curve edge 1cm (3/8") and top stitch 2mm (1/8") away from the edge.

Repeat the same for the other pieces as well.
This is now called the Skirt.

Step 3 : SEWING THE SHORTS TO THE SKIRT

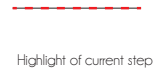

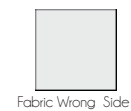

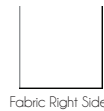

Pin the Shorts right side to the Skirts wrong side by the crotch ensuring to match Skirt front and back crotch to Shorts front and back crotch and sew all the way.

Repeat the same for the other pieces as well.

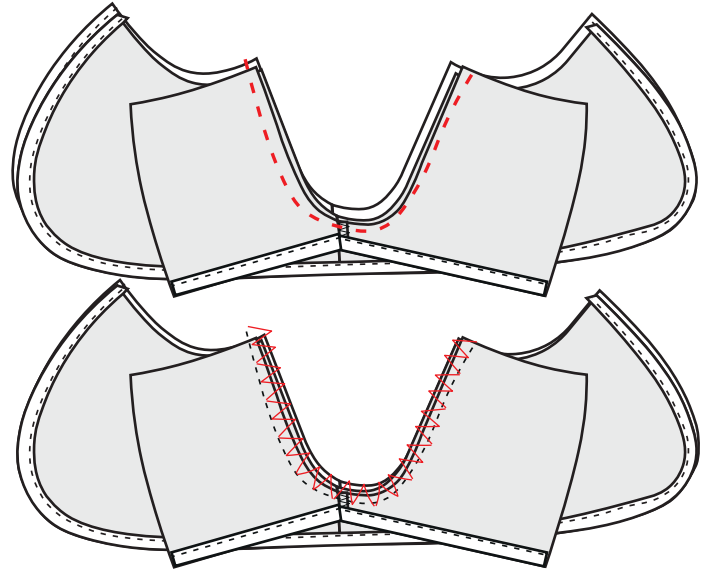

Sewing Instructions

Note :
Seam allowance is 3/8" (1cm) unless otherwise stated

With right sides together pin the Skirts together by the crotch. Sew through all layers(shorts and skirt crotch)

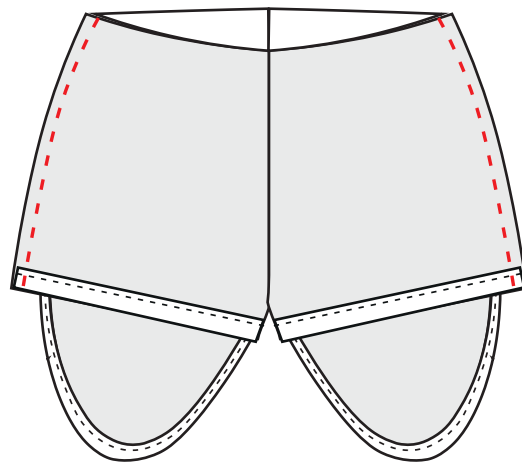

Finish the crotch seam with serger or zigzag stitch.

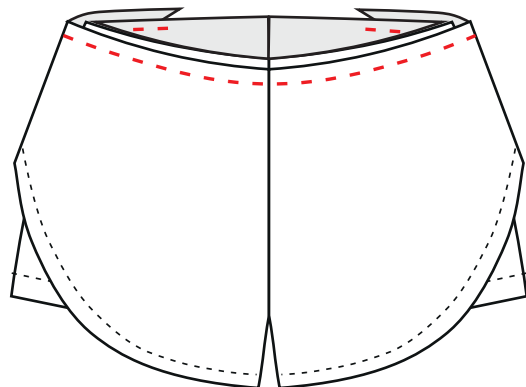

Step 4 : FINISHING THE SHORTS

Rearrange the shorts so the Shorts Front and Backs are right sides together and the Skirt is between layers.

Be sure the Skirt layer is away from the side seams of the Shorts, then sew the Shorts by the side seams.

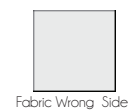

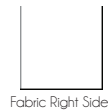

Turn the Shorts right sides out. Wrap the skirt that is at the back of the shorts around to the Front to form the Front Skirt. Pin the Front Skirt to the Front Shorts all the way by the top raw edge and sew.

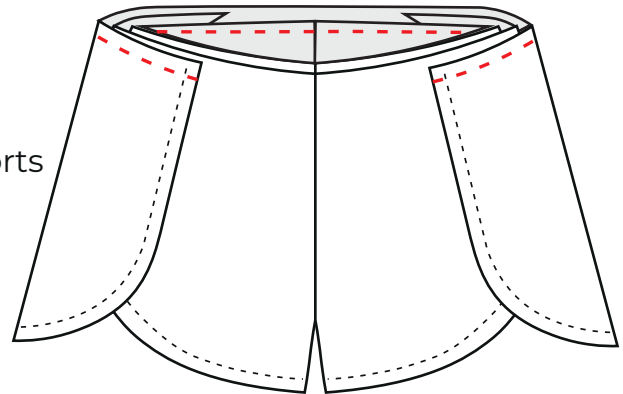

Sewing Instructions

Note :
Seam allowance is 3/8" (1cm) unless otherwise stated

Repeat the same for the Back Skirt as well.
(The Back Skirt overlap the Front Skirt.)

Wrap the skirt that is at the front of the shorts around to the back to form the Back Skirt.
Pin the Back Skirt to the Back Shorts all the way by the top raw edge and sew.

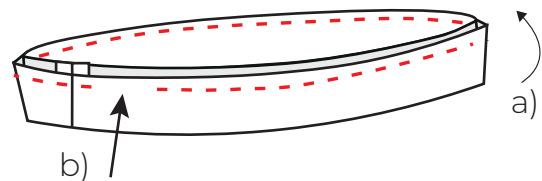

Step 5: SEWING THE WAIST

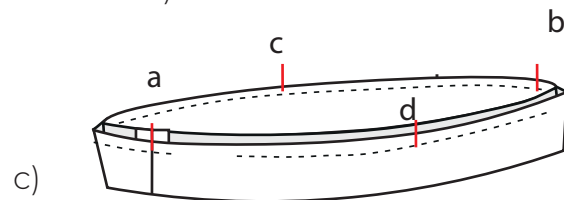

With right sides together, fold the Waist in half and sew by the short ends.

- With wrong sides together, fold the Waist in half on itself and sew all the way
- Leave about 5cm(2") unsewn. This will be used to insert the elastic.

- Divide the Waist in quarters. To do this, pin the waistband seam (a), fold the waistband by the seam and pin the fold point (b). Fold the elastic aligning the pins and mark the two new fold points with pins (c and d)

Note :
Seam allowance is 3/8" (1cm) unless otherwise stated

Fabric Right Side

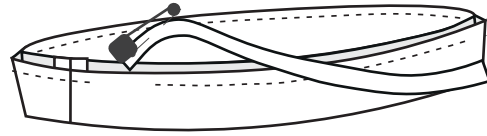

Fabric Wrong Side

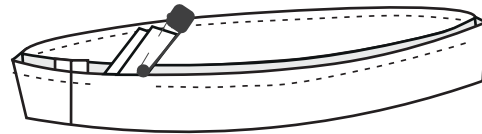

Highlight of current step

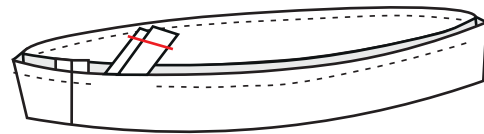

With the help of a safety pin or bodkin, insert the elastic into the Waist through the 2" (5cm) opening.

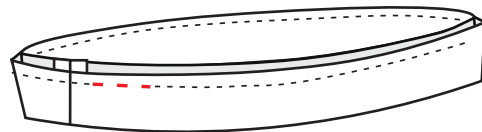

Thread all the way through the waist until it comes back out through the opening. Be sure your elastic is not twisted.

Sew the short ends of the elastic together, backstitching to secure.

Insert the elastic inside the Waist casing and sew the opening closed.

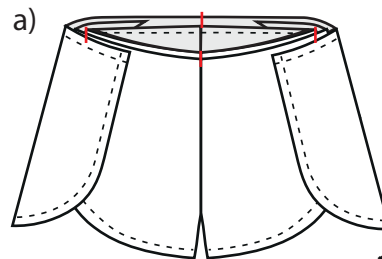

Stretch the waist to fit the elastic into the waistband.

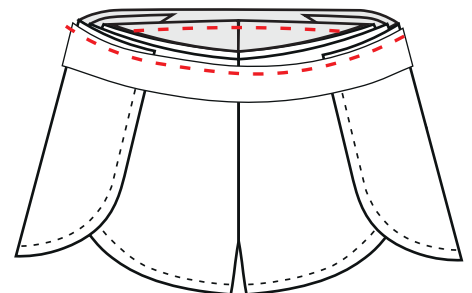

Step 6: ATTACHING THE WAIST

a) Divide the waist in quarters following same way as in step 5c.

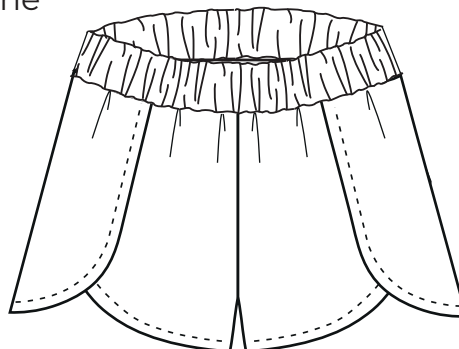

b) With right sides together, stretch the Waist so its the same length of the Shorts waist then aligning the marks, sew them together all the way.

b)

Press and its all done!
I hope you enjoyed it!
